

# SUPPLEMENT A NORD GENEALOGIE

LISTE DES PATRONYMES SEULS ET PAR COUPLES  
CONTENUS DANS LES N° 194 A 197 DE NORD GENEALOGIE 2006

## AVERTISSEMENT

La table onomastique de l'année 2006 comprend les 4 numéros « Nord Généalogie » de l'année.

Cette table reprend les patronymes relevés par couples. Chaque couple est cité avec le numéro dans lequel il figure suivi du numéro de la page.

Ex : LEQUIEN COUPIER 194/22 signifie que ce couple est cité à la page 22 du N.G. n° 194.

Les patronymes relevés par couples facilitent la recherche mais nous y avons ajouté les patronymes qui figurent seuls pour ne pas occulter les renseignements généalogiques, dont certains articles comportent beaucoup de personnes seules.

Les noms à particule ont été classés en fonction de leur écriture : les noms formulés « De » sont classés alphabétiquement avec les DEB..., les « Des » sont groupés avec les « DESA... », et les « Du » avant les « DUB ».

La même méthode a été retenue pour les « VAN »

Il est recommandé de consulter les différentes orthographes possibles en raison des transformations que les patronymes ont subies au cours des siècles.

Nous vous prions de nous signaler les erreurs ou omissions qui auraient pu se glisser dans l'élaboration de ce travail.

Cette table a été réalisée par Monsieur Daniel POLLET
